## OUR WORK

### EDUCATION

#### **Health Matters Poll**

- We partnered with Leadership Council Member, Eagleton Center for Public Interest Polling at Rutgers University, on our Health Matters Poll to measure New Jerseyans' views on current health care topics of interest. In 2019, we conducted 2 statewide polls:
  1. End of Life Conversations: While most people have talked about their wishes with a loved one, only about 25% of people have had a talk with their health care provider.
  2. Health Information Seeking and Trust: Of all the potential sources of information, by far, Garden State residents turn to health care providers for information if they have a concern related to health or health care.

#### **Practice Transformation Network**

- We concluded our work on the Practice Transformation Network grant to improve quality in small physician practices across the state, in partnership with Leadership Council member, New Jersey Innovation Institute.

### POLICY

#### **Medicaid Policy Center (MPC)**

1. The Governor signed 6 pieces of legislation in 2019, which our MPC had recommended to improve support for women during pregnancy.
2. The Medicaid program selected our MPC to convene 30 expert stakeholders to create a maternity episode of care.
3. Our MPC developed and released a road map to convert the Medicaid ACO Demonstration Project into a Regional Health Hub (RHH) program.

#### **New Jersey Reproductive Health Access Project (NJ-RHAP)**

We received a grant from Arnold Ventures to launch the NJ-RHAP project, which seeks to increase provider knowledge about payment and policy systems for reproductive health services and identify policy changes to increase access to these services.

## COMMUNITY HEALTH

- **Mayors Wellness Campaign (MWC)**

Our Mayors Wellness Campaign program received funding from the Russell Berrie Foundation to create a handbook and regional hub model to support local Mayors Wellness Campaigns in Bergen, Essex, and Passaic counties.

- **Conversation of Your Life (COYL)**

1. With continued support from The Horizon Foundation for New Jersey, our COYL program expanded to 14 counties to improve end-of-life care planning.
2. We created a COYL brochure for employer members to assist their Member Benefits Department staff with sharing information with their employees on end-of-life care planning.

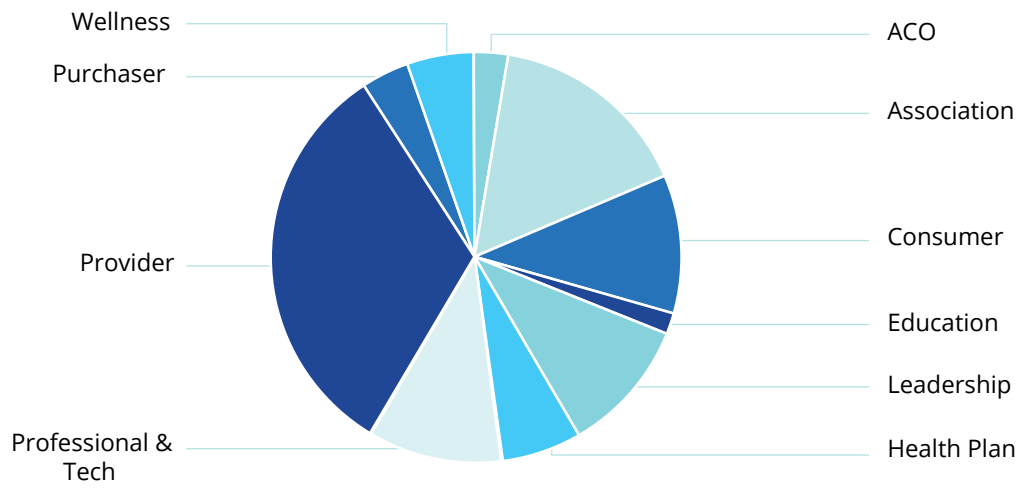

## QUALITY IMPROVEMENT

- **The Leapfrog Group**

1. As the regional leader for The Leapfrog Group, we are proud to have reached 100% participation of hospitals in New Jersey for the annual safety survey.
2. The Quality Institute and our members served as key advisors on The Leapfrog Group's launch of its new Ambulatory Surgery Center survey.

- We began a partnership with RWJBarnabas Health and the VNA Health Group to participate in the 2019-2020 Ariadne Labs' Serious Illness Care Implementation Collaborative to help clinicians initiate challenging conversations around end-of-life care.
- We launched a quality improvement briefing series to provide helpful information for employers and their employees.

## OUR MEMBERS

 **29 members** **10+ Years**

## BY THE NUMBERS

# 50

Our Medicaid Policy Center, supported by The Nicholson Foundation, **launched and held 50 inaugural stakeholder meetings.**

# 18

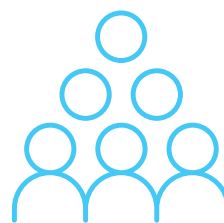

To commemorate National Health Care Decision Day in **April 2019, we held 18 COYL events across the state** and reached over 600 residents about end-of-life care planning.

**We hosted 8 in-person Quality Institute events for members, including:**

- The Annual Innovation Showcase
- Spring Conference
- Quality Breakfasts
- Open House
- Regional Engagement Events

# 80

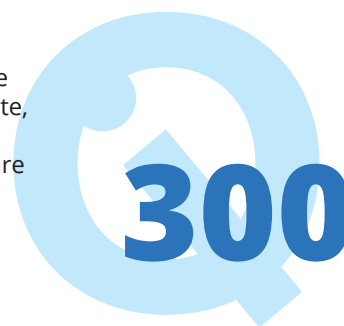

Our Mayors Wellness Campaign had **80** participation pledges signed by Mayors during the Annual New Jersey State League of Municipalities Conference.

# 100%

**As of September 2019, 100% of acute care hospitals in New Jersey are exchanging data as part of the Health Information Network.**

We co-hosted the Annual Innovation Showcase with the New Jersey Innovation Institute, which was attended by over **300** technology and health care innovators.

# 4/16

**Governor Murphy signed a proclamation declaring April 16th as Health Care Decision Day in New Jersey.**

# 14

We expanded our Conversation of Your Life (COYL) program to **14** counties, each with their own local task force.

# TESTIMONIAL

“Throughout the nearly twenty-year history of The Nicholson Foundation, we have worked with so many expert health care organizations, like the Quality Institute, who are completely dedicated to their work. Of the many projects we have funded, we chose the Quality Institute over and over because of their deep health care knowledge, proven results, and, perhaps most importantly, their desire to help others.”

– Jan Nicholson, President of The Nicholson Foundation

## LOOKING AHEAD

We will partner with Hackensack Meridian *Health* on an award from the Centers for Medicare & Medicaid Services (CMS), for \$15.8 million to be distributed over seven years to establish the NJ Integrated Care for Kids (InCK) model. This will test an Alternative Payment Model (APM) for the Medicaid program to support multi-sectoral integrated case management and pediatric practice capacity-building in Monmouth and Ocean Counties.

Our Mayors Wellness Campaign will hold its first ever Healthy Town Reception for winners of the 2019 Healthy Town Designation. Winners have made healthy lifestyles a top priority and are actively engaging all members of their community through inclusive, evidence-based health and wellness programming, policies, and a culture of health.

Adelisa Perez, Director of Quality, received training in Mental Health First Aid and she will begin offering these trainings as a benefit to our members.

Our Medicaid Policy Center will hold its Inaugural Medicaid Conference, *Medicaid 2020*, on June 4th, at Princeton University.
