

Billing and Coding Guide for Contraceptive Services

> CPT Codes

ENCOUNTERS FOR COUNSELING:

- **99381-99386:** New Patient Comprehensive Preventive Visits (includes contraceptive counseling when performed)
- **99391-99396:** Established Patient Comprehensive Preventive Visits
- **99401-99404:** Individual counseling and/or risk factor reduction (15, 30, 45 or 60 minutes).
 - To be used when contraceptive counseling is the ONLY purpose of the visit and at least 15 minutes are spent counseling.
- **99202-99215:** Evaluation and Management Services
 - To be used for problem-oriented visits where contraceptive counseling may have been a component of the visit, but not the main purpose of the encounter.

PROCEDURES:

CONTRACEPTIVE IMPLANT:

- **81025:** Urine pregnancy test
- **11981:** Insertion
- **11982:** Removal
- **11983:** Removal with reinsertion
- **J7307:** Etonogestrel implant system and supplies (Nexplanon)

INJECTABLE CONTRACEPTION:

- **J1050:** Depo Provera 1mg (code 150 units)
- **96372:** Therapeutic, Prophylactic, and Diagnostic Injections and Infusions (Excludes Chemotherapy and Other Highly Complex Drug or Highly Complex Biologic Agent Administration)

IUDS:

- **81025:** Urine pregnancy test
- **58300:** Insertion of IUD
- **58301:** Removal of IUD
- **58301 + 58300-51:** Removal with reinsertion of IUD
- **J7296:** Levonorgestrel-releasing (LNG) IUD 19.5 mg (Kyleena)
- **J7297:** LNG-releasing IUD 52mg (Liletta)
- **J7298:** LNG-releasing IUD 52 mg (Mirena)
- **J7300:** Copper IUD (Paragard)
- **J7301:** LNG-releasing IUD 13.5 mg (Skyla)

MODIFIERS:

- **22:** Increased procedure services
 - Document the clinical circumstances (e.g. cervical stenosis, the need for ultrasound guidance) requiring increased services.
- **25:** Significant, separately identifiable evaluation and management service by the same physician or other qualified health care professional on the same day of the procedure or other service.
 - Use this modifier attached to office visit code when performing a LARC insertion on the same day as significant counseling or other evaluation and management services.
- **24:** Unrelated evaluation and management service by the same physician or other qualified health care professional during a post-operative (or post-partum) period.
 - Use this modifier when performing significant additional services in the post-partum, post-abortion or post-surgical global period.

- **51:** Multiple procedures
 - This is used when performing insertion and removal of IUDs on the same date of service.
- **53:** Discontinued services.
 - This modifier is used when the insertion procedure is terminated without successful placement of the implant or IUD.
 - It could be related to patient intolerance, uterine perforation, or other events (contamination of the device) which

prevent completion of the procedure once initiated.

- **79:** Unrelated procedure or service by the same physician or other qualified health care professional during the post-operative period.
 - Use this when performing a procedure such as LARC or IUD insertion during the global obstetrical period or during the post-operative global period for D&C, LEEP, or conization.

> ICD-10 Codes

- **Z30** is the general category for “Contraceptive Management”
 - **Z30.0:** Encounter for general counseling and advice on contraception
 - **Z32.02:** Pregnancy test/exam - negative

- **Z30.431:** Encounter for routine checking of intrauterine contraceptive device
- **Z30.432:** Encounter for removal of intrauterine contraceptive device
- **Z30.433:** Encounter for removal and reinsertion of intrauterine contraceptive device

PROCEDURES:

CONTRACEPTIVE IMPLANT:

- **Z30.017:** Encounter for initial prescription of implantable subdermal contraceptive
 - This code is reported for the initial prescription, counseling, advice, and insertion of the implant, even when the insertion is performed at a separate encounter.
- **Z30.46:** Encounter for surveillance of implantable subdermal contraceptive
 - This code is reported for checking, reinsertion, or removal of the implant.

OTHER CONTRACEPTIVE OPTIONS:

- **Z30.011:** Encounter for initial prescription of contraceptive pills
- **Z30.012:** Encounter for prescription of emergency contraception
- **Z30.013:** Encounter for prescription of injectable contraception
- **Z30.015:** Encounter for prescription of vaginal ring
- **Z30.016:** Encounter for prescription of transdermal patch
- **Z30.018:** Encounter for initial prescription of other contraceptive
- **Z30.41:** Encounter for surveillance of oral contraceptives
- **Z30.42:** Encounter for surveillance of injectable contraception
- **Z30.49:** Encounter for surveillance of other contraceptives

IUDS:

- **Z30.014:** Encounter for initial prescription of intrauterine contraceptive device
 - This code includes the initial prescription of the IUD, counseling, and advice, but excludes the IUD insertion.
- **Z30.430:** Encounter for insertion of intrauterine contraceptive device
