The Leapfrog Group: The Quality Institute serves as the Regional Leader for The Leapfrog Group in New Jersey and New York. We provide support to hospitals and Ambulatory Surgical Centers (ASC) to achieve the highest participation rate in the country in The Leapfrog Group's annual Hospital and ASC Survey. The Leapfrog surveys are voluntary surveys that report on safety within a facility. The survey results are publicly reported in a consumer-friendly format and used by employers, consumers, and insurers when choosing a facility for services. Facilities use the survey process to improve their quality.

Quality Events and Briefings: The Quality Institute holds quality improvement education sessions and releases regular Quality Briefings to drive quality improvement work. Quality improvement strategies can be used by employers, purchasers, payers, and patients to help inform decisions about where to seek care, leverage purchasing power, and increase transparency.

Small Group Market Reform: At the Quality Institute, we have long studied the individual and small group markets and looked for ways to make them more affordable. With input from consumers, businesses, insurance and health policy experts, we created a report with nine recommendations to strengthen these markets for employers and their employees. Our recommendations are being used to develop policy changes in these regulated markets.
