Open Leadership Positions at The North Jersey Health Collaborative

About the NJHC:

[The North Jersey Health Collaborative](#) (NJHC) is an independent 501(c)(3) organization that aims to improve the health of our communities that make up Morris, Passaic, Sussex, Union, and Warren Counties. With a diverse set of over 150 partners in healthcare, public health, social services, education, community-based organizations, local coalitions, and residents, the NJHC works to identify the most pressing needs and facilitate the development of collaborative strategies to address them. The NJHC's mission is to build capacity to improve community health using [the most up-to-date public health data available](#) to build networks across sectors; inform and develop Community Health Needs Assessments and Community Health Improvement Plans; and to provide a shared framework to leverage resources and demonstrate the work of our partners through the evidence-based, collective impact model (Kanie & Kramer, 2011).

Partners across sectors meet quarterly to engage in discussions on all things health promotion and public health, along-side local government agencies, non-profits, and businesses who provide resources, programs, and services in their communities.

[NJHC Funding Partners and Leadership.](#)

The NJHC is seeking new funding partners to help us continue our vital work in improving the health of our communities in 2024 and beyond. As a funding partner, you will have the opportunity to make a significant impact by providing support and governance to the NJHC. In return, you will enjoy exclusive benefits such as a voting position on the NJHC Board of Trustees, prominent recognition on our website and printed materials, and promotion in our NJHC newsletter.

The NJHC is also seeking volunteers to serve on the NJHC Executive Board. The terms for President, Vice President, Secretary and Treasurer will expire in at the end of 2023 and we are looking for passionate community leaders to fill these roles. The North Jersey Health Collaborative is looking for leaders in health departments/offices of public health, health systems, FQHC's, nonprofits, and community members with lived experience to help lead the organization forward in 2024.

If you or a colleague, or your agency would be interested in joining the collaborative as a partner, funding partner, or volunteer leader, please reach out to daniel@njhealthmatters.org.

See the following page for funding partner and executive committee position details.
