

TeamBirth NJ Collaborative Session Handout #8 - August 2024

You will receive a handout after each collaborative learning session to provide a summary of key takeaways from the session and action items that should guide your work until your next TeamBirth Coaching Call.

For more information on the below items, review the session slides and resources on the Cohort 3 webpage: www.njhcqi.org/teambirthnj-cohort3 (Password: **Cohort32024!**).

Key Takeaways from the Learning Session

Statewide data review	We encourage you to share the data with staff and providers to highlight the impact of TeamBirth, as well as provide insight into the data they can expect to see for your specific site
Provide training and practice huddles	Training should include both education (Knowledge Component) and scenario-based simulations (Application Component). Conduct training sessions to educate all clinicians and provide hands-on opportunities to practice <i>before</i> going live.
Conduct patient surveying	Collect first hand experiences of patients throughout implementation to inform opportunities for improvement and demonstrate impact.

Action Items - Before our next coaching call, work on the following items:

Provide training and practice huddles	<ul style="list-style-type: none"> Use this HOW TO resource to plan your training Track and conduct scenario based huddles practice for all clinicians <ul style="list-style-type: none"> Continue to offer practice opportunities post go live Review slide decks from session 5 & 6 if you need training ideas Consider how to include the TeamBirth Discussion Guides in simulations and practice
Conduct patient surveying	<ul style="list-style-type: none"> Complete small scale testing of surveying distribution and collection NOW, if you have not already done this Expand surveying to all patients on postpartum; adjust process as needed

NEXT COACHING CALL: No September coaching call for JCMC and VOLOL. We will check in via email. HMH sites will have a September coaching call.
