Test & Improve	Conduct small scale testing to create and improve TeamBirth components, like board designs, and implementation activities, like training.

Action Items

Before our next coaching call, work on the following items:

General	• Review previous session handouts to ensure progress on implementation activities • Send Christine & Armonie your updated mock **board designs for review by April 30th**
Collecting Data & Feedback	• Distribute the **Atlas Pre-Implementation survey** through April 24 – big push! • Use the HOW TO Conduct Patient Surveying worksheet to start discussing your survey process. ○ Consider: Who will print, distribute, and collect the surveys? How will the surveys be distributed on postpartum (when, messaging, etc.)? • Review the TeamBirth patient survey

Provide Training & Practice Huddles	• Use this HOW TO resource to start planning your training:
	  ○ Upload the training videos to your learning management system (LMS)
	  ▪ Assign implementation team to complete videos by April 30
	  ▪ Assign all staff/providers to complete videos by May 30
	  ○ Plan for staff/provider huddle practice to take place June-September

NEXT COACHING CALL: Please bring updates on the above and questions or concerns to discuss.
